

CIGI (Centre for Information & Guidance India) Qatar chapter organize Differential Aptitude Test (C DAT) for students studying 10, 11 & 12 standard in Qatar. DAT is a proven scientific test that unveils the structure of a person's inborn potential or natural ability. DAT is an exploratory career mapping workshop where in everybody finds their choice

## Test Process

- 1. Prior to Test:** Prior to the test the participants will have an interactive session on scientific Career planning and goal setting (parents can attend).
- 2. Test Session:** This is a verbal and non-verbal objective type, multi choice based written tests for over 2 hours with regular intervals between tests with edutainment activities to avoid carry over effect of the previous test.
- 3. Post Test:** Individual counseling (5-20mins) will take place based on the result of the test, a graph depicting the aptitude of student will be provided. The schedule for the counseling will be provided on the test day.

*\*\*Unlike the other tests and examinations, students do not have to make any preparations for the DAT.*

**“Have you ever wondered whether your child has got the right APTITUDE to choose a career path?”**
